

Laufwunder® Footcare Preparations

FOOTCARE WITH THE FULL POWER OF NATURE

A combination of natural essential oils and natural fats ensure that you have an effective range of footcare preparations to maintain your feet and legs in 'tip top' condition. Combined with regular visits to your chiropodist, applying the products on a daily basis, means that you can help to regulate any skin imbalance from very dry skin, to poor circulation to excessive perspiration.

In addition Mykored will help to fight not only nail but skin infections too - ask your chiropodist for details.

It is not recommended that any of the products be used on babies or small children. All packaging is clearly marked with its ingredients for your reference.

Why not take the strain from your feet and let **Laufwunder** preparations give you a better day !

THE MOISTURISING RANGE

Laufwunder Moisturising Footbalm 75 ml (Code No.112)

A Moisturising Footbalm with extracts from camomile, witch hazel and effective moisturising ingredients brings relief to dry and rough skin. Used daily elasticity is returned and your skin feels smooth and soft again.

Laufwunder Leg Balm 75 ml (Code No.120)

With placenta extract and vitamins A & E which help your skin to breathe and improve skin regeneration leaving it smooth and supple. With daily use **Laufwunder** Leg Balm will help to prevent premature ageing, skin blemishes and discoloration.

Laufwunder Cream Bath 200 ml (Code No.140)

For overworked, tired and burning feet. **Laufwunder** Cream Bath is refreshing and invigorating. Softens hard skin and corns. Contains essential oils from rosemary and horse chestnut which penetrate your skin thereby moisturising and helping to prevent dehydration.

Laufwunder Leg Lotion 150 ml (Code No.121)

The optimum care for legs with collagen. **Laufwunder** Leg Lotion helps control the moisture content of the skin and reduces moisture loss. Leaves your skin with a visible smoothness and pleasant fragrance.

Laufwunder Callus Salve 75 ml (Code No.240)

This is a special salve for the application on rough, dry and cracked skin. Elasticity is returned to hard skin, enabling fissures to heal more quickly. Dry skin becomes smooth and, if used regularly, problem free walking returns.

ANTI - FUNGAL RANGE

MYKORED® The foot treatment process with hygienic strength. Helps prevent skin infections and with regular use gives visible results. Available in pipette bottle, **(Code No.101)** ideal for in between toes & nails. Pump bottle **(Code No.100)** for larger areas and spraying into shoes/socks. Also offers protection in swimming pools and saunas.

MYKORED® forte (Code No. 102) is a special cream to care for, and protect, the skin and nails. The slightly moisturising base helps to prevent split skin, regulates moisture content and improves the structure of the nail. The effectiveness of clotrimazole helps to prevent infections.

THE COOLING & REFRESHING RANGE

Laufwunder Cooling Footbalm 75 ml (Code No.110)

A Cooling Footbalm totally absorbed by the skin helps to reduce excessive perspiration and effectively deodorises as well as strengthening your skin. The skin cooling effect from menthol and herbal extracts immediately reduces burning and itching. Provides quick relief to overtired and aching feet.

Laufwunder Footspray 125 ml (Code No.150)

The 'star' of all foot sprays. This product has become so well known due to its outstanding effectiveness on excessive perspiration and burning feet. **Laufwunder**

Footspray (pump action - no propellant gas) effectively deodorises, refreshes and helps to prevent unpleasant odours. The active ingredients and natural substances from camphor and menthol have a cooling and refreshing effect on tired and overworked feet. Used regularly you are assured of better hygiene and reduced perspiration.

Laufwunder Herbal Bath Salts 250 g (Code No.130)

Foot hygiene starts with a footbath. **Laufwunder** Herbal Bath Salts are made from pure salt crystals which contain effective cleansing properties combined with herbal extracts. Tired burning and aching feet feel refreshed and excessive perspiration is reduced. Hard skin is softened and easier to remove. Afterwards the application of one of the appropriate foot balms is recommended.

THE WARMING RANGE

Laufwunder Warming Footbalm 75 ml

(Code No.111)

A Warming Footbalm that through the use of vitamins, essential oils and Arnica extracts, has found exceptional success with cold feet, especially when used daily. It immediately helps cold feet feel more comfortable through its warming effect and slightly moisturising properties. The combination of Arnica and essential oils is particularly helpful in relieving heavily stressed feet usually found in active sports people.

HANDCREAM Handwunder® (Code No. 700) A unique hand cream with plant extracts and vitamins A&E. It is quickly absorbed with out the greasy residues. It makes the skin smooth, and supple. Its formula, designed for demanding hands, provides long lasting protection from the environment.

CUTICLE & SKIN SOFTNER (Code No.372) A gentle product for softening cuticles and skin around the nail. Ideal as a pre- treatment, softening tissue before cutting nails, especially in-growing nails. Special formula with alkali does not oxidise and removes the need for neutralising application.
